THE WAR IN VIRGINIA!

BANKS COLUMN DRIVEN BACK Reports from the Federal Press.

We have the Cincinnati Commercial of the 6th which contains several reports concerning the recent battles between the Federal column under Gon. BANKS, and the division of "Stone Wall " Jackson, in the valley of Virginia II is evident, from the tone of the dispatches, that the defeat of the Federal army was a signal one and of as much importance as has been claimed by our dispatches from Richmond; also, that the advantages gained, and the injury inflicted upon the enemy, are incalculable

The first report is dated Washington, May 5th, which says:

"Dispatches received by the War Departr state that Banks was attacked at Wincheste doubt the result. It is generally understood this morning, and has fallen back towards Martinsburg and Harper's Ferry The enemy that both cities are defended by forces adequate is reported in large force. It is reported that the rebel force has left Richmond, and has moved north to to take the offensive."

It is stated that BANKs had moved from Stras burg to Winchester to secure his stores and trains. From this point be fell back. The following is the official dispatch of the Federal commander, which acknowledges the repulse of
